Subject: My reply to the episode "How China has Infiltrated US Politics" https://www.youtube.com/watch?v=OiCPTq056ew published 3rd February 2022.

Dear Matthew

I'm an Aussie with a Taiwanese wife and since 2003, I have visited Taiwan, the preserver of traditional Chinese culture on six occasions. I'm also a Trump supporter, in great part because he was the first US president, either Republican or Democrat to truly stand-up to the CCP. However, as for the current president and his so-called administration, I must say I have nothing but inexorable contempt. I understand the point you are trying to make, however, I need to enlighten you of some ugly truths in regard to the Biden-Harris junta.

I'm sure you have heard of rioting in cities perpetrated by radical Marixist entities such as the anarchist Antifa and their black brethren in arms; BLM. (I have heard all the arguments that BLM is not Marxist, but I have a plethora of research to the contrary. More on that later.) Antifa's extreme world view has been briefly practised in so-called "autonomous" zones such as the Capitol Hill Organised Protest (CHOP) zone in Seattle. In its first days of early to mid June 2020, much of mainstream media had idealised it,[1] while at the same time, the Democrat Seattle Mayor Jenny Durkan on the 11th, in a CNN interview, even dubbed it euphemistically as the "summer of love."[2] In a matter of days following several serious and violent crimes, including an attempted arson, multiple assaults captured on video, and the fatal shooting of a 19-year-old, it was obvious her remark didn't age well.[3]

In Portland Oregon, before, during and after Durkan's "summer of love," Antifa rioted for 120 consecutive days, with the tacit approval of the Democrat mayor, Ted Wheeler.[4] In Minneapolis, in the wake of George Floyd's death, burning, looting and pillaging was perpetrated by another radical left entity; Freedom Road Socialist Organisation (FRSO), as joyously proclaimed by its leading members and partners Steff Yorek and Jess Sundin.[5] (**See the three minute video from the endnote.**) Moreover, the FRSO website leaves no doubt as to their Marxist agenda, as they view the Tiananmen Square massacre in June 1989 as the defeat of counter-revolution in China![6] ***Nevertheless, many such radicals in the summer of 2020 were bailed out of jail by Biden-Harris staff.***[7] Moreover, Kamala Harris in an interview on Stephen Colbert's Late Show in mid-June 2020, proclaimed that:

> "They're not going to stop, they're not going to stop … before and after the election … they're not going to let up and they should not!"[8]

In March 2021, FRSO launched its Spring Fund raising drive of $100,000-plus required for its "great leap forward" with the following violent pitch:

> "Over the past year, Freedom Road Socialist Organization has undergone a period of dramatic growth, and we have emerged as one of the largest revolutionary organizations in the United States…
>
> … To continue this pace of development we need your help. We are going to establish a national office and we are going to have some full-time staff who are devoted to building FRSO. We will increase our capacity to build a revolutionary movement that is capable of

> engaging the class enemy and waging a serious fight for working class political power: socialism.
>
> To do this takes money and everyone can play a role in this. Urge your comrades and friends to give all that they can to the FRSO Spring Fundraising drive. Congress and the president just approved stimulus checks for most of us. Please consider contributing your stimulus check to FRSO…
>
> … Some people say real change is impossible. **Burning police stations and millions of people in the streets this past year suggest otherwise.** We want to abolish capitalism and replace it with socialism. This is not some dream; it can be a reality if we work – and fight – for it.
>
> To do that we need to expand the fighting capacity of FRSO. Your the contributions, the bigger the better, will help us do exactly that. Go to donate at https://frso.org/.
>
> Great [burning] things are ahead!
> The future is [burning] bright!
> Contribute to the FRSO Spring Fundraising campaign!"[9]

Hence, one could sum up Antifa, Freedom Road and the CHOP, with one of the final lines of the 1848 Communist Manifesto: "

> The Communists disdain to conceal their views and aims. They openly declare that their ends can be attained only by the *forcible overthrow of all existing social conditions.*"[10]

Such are adults, indoctrinated as kids to hate their country in order to comply with a distorted "WOKE" version of American history, embodied by the toxic Democrat/New York Times *1619 Project*, subservient to the ideological Marxist agenda.[11] But they are not just rioting on the streets. They also dominate the global MSM, as implied by retired police Sergeant Betsy Smith, a 29-year veteran of a large metropolitan police department in Chicago, who now represents the National Police Association in the US. She talks of how the media are currently spending a great deal of time talking about the U.S. Capitol breach but not enough on violent riots perpetrated by Antifa and others.[12]

> "Right now, their current obsession is, you know, white supremacy, white supremacists, and the Capitol riot. They don't want to talk about the other 99 percent of violent riots that American law enforcement has been dealing with for the past year."[13]

During the December 12, 2020 Jericho march in Washington DC, I saw on the *NTD* channel, sister media of *The Epoch Times*, a black couple proudly declare they were Trump supporters and that Trump was not a racist, but Biden was,[14] and that Black Lives Matter (BLM) were a terrorist organisation.[15] Curiously, in mid-September 2020, BLM from their website took down their "What We Believe" page with all its overt implications of its Marxist agenda, which included disruption of the traditional nuclear family unit. However, it can still be accessed on the WayBack machine.[16] Not to mention, one of their founding members, Patrisse Cullors stating:

> "We are trained Marxists super versed on, sort of, ideological theories."[17]

Certainly, the black American couple from the December 2020 Jericho march, are not alone in their assessment. For example, Barbara Heineback, a black American now living in Wollongong Australia, who was a press officer to the wife of Democrat President Jimmy Carter and an advisor

to Democrat President Bill Clinton, and 1960s civil rights activist,[18] stated that; "Donald Trump is being destroyed by vested interests in Washington and Black Lives Matter is a menace."[19] [i] On Australian Sky News on November 4th, 2020[20] she categorically stated, in direct contradiction to the propaganda constantly bellowed by global mainstream media, that Trump was not racist, citing for example, the numerous contestants of varying ethnicity that appeared on his show *The Apprentice*. Of course, this is just her opinion, but her views are certainly no less valid than saturation bombing assertions of Trump's perceived racism, and as such, are not fact, as global MSM wish us to perceive them. Moreover, as affirmed by Lara Logan, the South African born and former CBS 60 Minutes and now self-professed "outlaw" journalist; "They're not journalists. They're political assassins, working on behalf of political operatives and propagandists."[21]

Moreover, the Black American, Vernon Jones, Democrat member of the House of Representatives, likewise believes electoral fraud was rampant,[22] and voted for Trump in the 2020 election, owing to the Democrats overt shift to the radical left, as indicated by their tacit approval of the summer riots. Clearly, America in 2020-21, is more about ideology than race.[23]

Trust me, this is merely the tip of the iceberg. As for the meeting in Anchorage Alaska in March 2021, I can't see how this feckless Democrat junta came out looking good. It's fantastic at bullying Americans who do not tow their ideological agenda, such as labelling Virginian mothers who protest against WOKE Critical Race Theory indoctrination of their kids in school as "domestic terrorists,"[24] but incapable of really standing up global bullies like the CCP. When Anthony Blinken "confronted" the CCP officials over their horrific human-rights record, (including the Uyghur genocide and forced human organ harvesting of Falun Gong),[25] I saw Wang Yi just raise the issue of the 2020 summer race riots, and Blinken just humiliatingly caved-in with what I could only dub as the most obsequious of apologies – as if America's race problem compares in magnitude to what the CCP are perpetrating. This is why my Taiwanese wife dearly wishes Trump was back in power given the family we have back in Taiwan. I can tell you, that the Taiwanese media's attitude to Trump, unlike that of the western mainstream media, is way more balanced.[26]

In closing, I do commend the great work and research that you and your great buddy Winston conduct in exposing the CCP. But right now, at perhaps the most critical point in its 245 year history, America is hobbled with by far, the most pathetic, vapid, blithering and incognisant puppet of the far-left excuse of a president ever. The disasters that are the southern border and the Afghan debacle glaringly illustrate this.

All the best to you, Winston and your families.

i It's worth noting that contrary to the BLM/leftist/progressive agenda, slavery was not something unique to the US or western civilisation in general.
