Subject: Communist subversion of the west and my recent and curious personal experience with it.

Dear Cliff

How are you? Three days ago (Thursday) I watched Trevor's latest Counterpunch episode on Epoch TV at https://www.theepochtimes.com/how-russia-is-using-conservatives-to-spread-its-propaganda_4372003.html. It answered many questions for me and debunked many pro-Putin perceptions held by conservatives I know personally. Perceptions such as the pro-Christian and anti-communist and anti-globalist Putin, that have proven to be such a potent divide to conservative and freedom movements globally. The Sochi Communist Youth Festival in October 2017 at which the ex-KGB Putin spoke to rousing applause and cheers¹ and the subtitled conversation where he equated Christianity with communism being most instructive and revealing.

This global split includes Australia, where the Australia One Party headed by the charismatic and ex-SAS officer Ricardo Bossi, uses the argument that the Ukrainian borders pre-invasion were not even officially recognised. In short, just a case of "Russia invading Russia" – in effect stating that Ukraine does not even have a right to exist. <https://rumble.com/vw4o18-riccardo-bosi-ukraine-is-the-head-of-the-snake-26222.html>. When questioned if Putin is a globalist, he just blithely dismissed it.

Of course, if Ukraine did not demarcate its boundaries with Russia, Russia did not do so either. I think Bossi bases this on the assertion circulating the Internet that the former UN Secretary General Ban Ki-moon stated this – which in turn seems to have its genesis from this article in the pro-Russian and Russian language Ukrainian newspaper "Ukrainian Choice" https://web.archive.org/web/20170919090716/http://vybor.ua/article/vneshnjaja_politika/ukraina-ne-imeet-oficialnyh-granic.html titled "Україна – не має офіційних границь!" – "Ukraine has no official borders!" The article was dated 08.04.2014 which would be 8th April, 2014 – the month following the Russian annexation of Crimea and not to long following the Euromaidan. It seems sometime between 19th September and 19th October 2017 that this article was taken down. See https://web.archive.org/web/20170901000000*/http://vybor.ua/article/vneshnjaja_politika/ukraina-ne-imeet-oficialnyh-granic.html.

But even if this questionable assertion is true, it still comes down to what the people of the Ukraine in their hearts want. Demarcation or no demarcation, I think we can say they desire their independence from Russia and to decide their future for themselves. That said, I have reservations with Zelensky who has globalist ties himself, with his biography on the WEF website at <https://www.weforum.org/people/volodymyr-zelenskyy> and his banning of eleven political parties for perceived subversion,² even though one of them I know of, while pro-Russian, still categorically condemned the invasion.³ For the whole of WWII, other than Mosley's British Union of Fascists party, the British parliament never banned any political parties.

When I see young and gorgeous Ukrainian women with fake rifles proclaiming they are fighting for their Ukraine and the "New World Order," the former I unequivocally support, but the latter makes me cringe. Likewise when I hear "Build Back Better" Biden in Warsaw talk of the threat to the "World Order," I wonder if we are being played by both sides – assuming that both Zelensky and Putin are globalists and Obama's little slip of the tongue to the then Russian president Dmitry Medvedev at the late March 2012 Seoul Nuclear Security Summit.⁴ As I see it, the corruption of the

blithering Joe Biden and his crack addict son Hunter in Ukraine has played a significant role in precipitating this war, which among other benefits for the globalist agenda, has split conservative and freedom movements globally down the middle. Another being how this war, as it drags on, becomes a boon for pro-globalist arms manufacturers, just as the CCP virus and its pseudo-vaccines have become for Big Pharma. [And finally, could the ultimate benefit of this war for the globalist agenda be the creation of the pretext for the “Great Reset?”]

Officially, the WEF have now severed ties with Russia,⁵ but I think this is a decoy. In the past, when a world leader has bucked the globalist narrative, they have met their end. For example, the Tanzanian president John Magufuli⁶ standing up to the globalist agenda, but chilling is his very suspicious death and replacement by a sycophant of the Bill and Melinda Gates Foundation. Putin I cannot see them going after in this way, but the optics of the ostensibly now Russian globalist pariah, fit perfectly with the notion of an anti-globalist Putin being the saviour of conservative and freedom movements globally, in spite of his much overlooked support for global vaccine mandates.⁷

And in regard to unconstitutional and Nuremberg code violating global vaccine mandates, on November 20th and December 18th last year here in Brisbane, I attended Freedom Rallies. I gave my impressions of the former starting at the city’s Botanical Gardens on my blog at <https://vincebarwinski.com/2021/11/26/brisbane-freedom-rally-saturday-20th-november-2021-my-impressions/> and on it, I describe my encounter with a communist there – who was most curiously, like me, anti-pseudo-vax. He was holding a magazine with someone on the cover wearing the Jewish Star of David, which from September 19, 1941 German Jews were forced to wear just before being deported east.⁸ This prompted me to photograph it and say to him; “I have studied National Socialism and Communism all my life,” to which he replied; “many people have misapprehensions about Communism.”

Naturally, for someone attending this rally, I found this statement astonishing! The lockdowns and pseudo-vaccine coercions (PVCs) are essentially the very epitome of communism. As such, what was he doing here?? As I was now in a hurry to link up with my mate Gary, I just left it at that. Looking back however, given my meeting with the Falun Gong practitioners just minutes earlier, I could have used the retort; “tell that to the Falun Gong followers over there! They can educate you on the CCP’s forced human organ harvesting!” Moreover, some weeks back during a Freedom Rally in Boston Massachusetts, the radical left anarchist Antifa attacked Freedom Rally participants deeming them and their rally as white supremacist.⁹ In Melbourne, a good mate of mine Peter, has informed me of Antifa plastering posters everywhere proclaiming; “Don’t be a scab! Get the job!” Which begs the question, would Antifa deem the Aboriginals participating in the Brisbane Rally, as white supremacists?

As I was so focused on the Star of David, it was only when I got home and downloaded the photos to my laptop, that I noticed the name of the magazine; “Red Star – Workers of the World Unite!” Looking back, it appears to me that communists wish to infiltrate this movement that is the very antithesis to their agenda. But as you know, communists over the decades have infiltrated many key institutions antithetical to them in the West such as churches, government, education and of course the media. A perfect case in point is Pope Francis, the first Jesuit and Marxist Pope, for one thing, approving the CCP appointment of formerly excommunicated Catholic bishops and ignoring its numerous persecutions of Catholics, and indeed, people of all faiths, Western and traditional.¹⁰ And I noticed in a recent article of yours where you stated how the Communist Party USA have back-flipped in regard to their support of Russia as their invasion stalls in the Ukraine.¹¹

Four weeks later on December 18th near the south-west corner of South Brisbane’s Musgrave Park, just after linking up with my mate Paolo (a former RAAF fighter pilot), he noticed at around 3pm, what was a counter demonstration marching along the street just south of the park. He said: “Here

come the communists!” With my Canon digital camera on hand, I raced to the southern edge of the park and took photos. Banners of the “Socialist Alliance” touting “PRO-VAX PRO-HEALTH ANTI FASCIST” abounded, even though the pseudo-vaccine episode itself embodies the marriage of Big Pharma and Big Government, which by the definition proclaimed by good old Benito Mussolini himself, is FASCISM. Moreover, this pathetic commo/commie march of no more than forty repeatedly proclaimed we were on sacred aboriginal land even though all the aboriginals present that day were on our side. I even saw one aboriginal flag alongside an American one!

Emotions were running high. Then with me behind a barricade, and the Queensland police just in front of it, I noticed a commo/commie dressed in what one could have described as Antifa gear. He wore the black cloth around his mouth, and on his black T-Shirt there was the unmistakable Antifa logo; except that it stated underneath it, “LIVE LAUGH LOVE.” He was carrying the black and red Antifa flag and soon we were staring at each other as he started pointing the finger at me and I imagine the usual Marxist expletives. This prompted me to give him the classic one-fingered-salute to which he raced towards me before the police intercepted him. At the same time, Paolo pulled me away and told me not to give this pathetic commo/commie gathering what it wanted. Namely a physical altercation that the local MSM – Marxist Stream Media in typical January 6th style could twist to its own agenda.

To indicate how pathetic the commo/commie demonstration was relative to our later march, was that our march attracted it seems about 100,000 plus in a city of just over two million people. That aside, my question to you is this:

What is your take on the divergent views of the respective commos/commies I encountered before both rallies?

So, to sum up; in November, the commo/commie was anti-vax, then in December, a pathetic commo/commie march was pro-vax. Hmmmm?

To reiterate, if you wish, you can read my account of the November rally on my blog at <https://vincebarwinski.com/2021/11/26/brisbane-freedom-rally-saturday-20th-november-2021-my-impressions/>. I have since written a meticulously researched physical letter to our dictatorial Queensland premier Anastacia Palaszczuk which I also posted at <https://vincebarwinski.com/2022/01/08/letter-to-annastacia-palaszczuk-premier-of-the-state-of-queensland-commonwealth-of-australia-monday-3rd-january-2022/>. It is very long, so I have a condensed version to the Northern Territory Chief Minister of “Truth” at <https://vincebarwinski.com/2022/01/09/my-email-to-michael-gunner-yes-gunner-northern-territory-chief-minister-of-truth/>. I also have photo galleries of both rallies on my old website at <http://barwinski.net/cpg1418a/index.php?cat=27>. Particular photos relevant here are <http://barwinski.net/cpg1418a/displayimage.php?album=130&pos=51> and <http://barwinski.net/cpg1418a/displayimage.php?album=131&pos=15> and <http://barwinski.net/cpg1418a/displayimage.php?album=131&pos=11> and <http://barwinski.net/cpg1418a/displayimage.php?album=131&pos=12>.

Yours sincerely and God Blessings
