[My objections to the October 2024 Open Letter: "Descendants: Do not distort and misuse Dietrich Bonhoeffer!" SIGNED by 86 of exactly 100 adult surviving descendants of Dietrich Bonhoeffer. Hence my term: "\*\*Bonhoeffer 86\*\*".](#)

Dear Gentleman

**[Three minute READ.]**

I wish to share with a disturbing revelation in regard to the agenda of your [Catastrophic Climate Change Scam \(CCCS\)](#).

In essence, it is embodied in the fourth segment of a [2017 overall forty-two minute video interview](#) in Holland of [1968 founding Club of Rome member Dennis Meadows](#) [See pages 9 and 11], that [can be summed up as:](#)

*["In his own words"](#)*

This disturbing information about the economic wrecking ball that is the [Catastrophic Climate Change Scam](#) I have long suspected, but it was finally and unequivocally revealed to me via an American podcast, which then prompted me to research it further in depth.

And upon doing this research, I was prompted to write to my local Australian Federal Government member for Rankin; Treasurer Jim Chalmers, and the [South Australian Federal Greens Senator and 2016 Young Global Leader of the World Economic Forum; Sarah Hanson-Young](#). In my letters to them, which are both about a 15 minute read, I posed the following two key questions:

***"Given your commitment to the perceived crisis of Catastrophic Climate Change, does such a commitment ultimately embody an agenda of population control? If so, whom of humanity will be considered expendable?"***

The PDF copies of these two similar letters I have uploaded to my website at:

I have also posted this on X at:

On pages 3 to 4 of both PDFs, I get to the nitty gritty with a screenshot of the [aforementioned 1968 founding member of the Club of Rome, namely Dennis Meadows](#) [See pages 9 and 11], in a [2017 interview in Holland](#), with a [Dutch Climate Alarmist YouTube Channel "WeLoveEarth"](#), **calling for a culling of the world population down to ONE or TWO Billion – but of course, in a:**

**“Civil or peaceful manner!”**

... before I conclude my letters with a poignant mention of [Heinrich Himmler from Chapter 23; “Buchenwald” of my book – \*The Pastor and the Matriarch of the German Underground and Their Times – A Polish Perspective\*](#).

All to which, I ask you:

**“Would your Great Uncle Dietrich approve of Dennis Meadows’ plan of mass global population culling? Moreover, based entirely upon [your fake climate crisis](#)?”**

In closing, I suggest you take the time to read [my three-minute-read-email dated 13<sup>th</sup> March 2025 to Professor Ian Plimer](#), author of the excellent and compelling read *Green Murder* that I finished reading back in October 2024. I have briefly spoken to him on two occasions. Including in regard to Vladimir Putin, of whom, he mentioned in his book *Green Murder* because of [Putin's CYNICAL funding of nefarious Green environmental groups in the West](#) to undermine it. [See the [Summary and search for TEXT: “environmental”](#)]. Certainly not because he believes in your [Catastrophic Climate Change Scam!](#) **To which, how do you feel about this as you wave your Ukrainian flags in quintessential leftist hypocrisy?**

And indeed, as [I requested of Professor Ian Plimer](#), I would love to hear your thoughts!

For now Gentleman .... All the best and God Bless.
