Subject: Latest Zelensky – Trump spat compelled me to write to you my insights into Putin and past potentially explosive Soviet machinations relating in part to Israel and much more. **[13 minute read.]**

Dear Aharon

How are you? I have just watched the latest public spat between Trump/Vance and Zelensky on [Brannon's Worldview tube](#), and listened to the commentary of Brannon and his panel with Leo Hohmann and David Pyne.

Zelensky could have been better dressed, and I think he does not realise how weak his hand right now is, or is desperate, in accordance with the [globalist mindset of his increasingly authoritarian Western European overlords](#), to continue this forever war. As such, I think the minerals deal Trump has offered him, with its indirect security guarantee of major US economic interests becoming embedded in Ukraine, deterring one would think a second Putin invasion of Ukraine, is really his only option. [Jonathan Tobin of JNS](#), likewise certainly thinks that this World War One like stalemate meat grinder should end.

Anyway, as much as I admire Brannon and his Worldview tube, I think he and his panelists are a bit biased against Ukraine. Certainly, many MAGA supporters are hard pressed in supporting Ukraine given for one thing, the Western North Carolina devastation of late September 2024, when the [fraudulently elected Biden regime](#) claimed there were no funds for them, but still virtually unlimited funds to continue the Ukraine war. Which I must add, not for the good of Ukraine, [but rather for the benefit of the global military industrial complex](#), and corrupt DEMRAT and RINO neocon politicians of the Washington DC sewer. For one thing, when the incognisant RINO neocon Senator Mitch McConnell let it slip, that no matter how much money Congress sends to Ukraine, [it will end up back in America](#) – to keep funding the Military Industrial Complex, that one could say, to perpetuate the replacement forever war, that is the Russia-Ukraine War substituting the Afghanistan war ending with [the botched, disastrous and incompetent 2021 Biden-Harris DC Sewer junta withdrawal](#).

When our corrupt global mainstream media constantly claim that Zelensky is the indisputable hero, and Putin conversely is the likewise unquestionable villain, it's only natural that freedom people and patriots in general for the most part, are going to think the exact opposite is true. For mine, [Putin and Zelensky are opposite sides of the Globalist coin](#), committed to a never ending war in Ukraine, which for one thing, has served the purpose of another globalist driven dialectic to further divide America. And for myself, it had led to the end of my friendship with one gentleman, who honestly believed that Putin was our saviour from the globalists of the UN and WEF.

You say Aharon, that people very often, do not like hearing the truth – especially when it does not comport with their world view. At the Kennedy Center of Harvard University in early October 2017, Klaus Schwab boasted that [Angela Merkel and Vladimir Putin were older proteges of the WEF Young Global Leaders](#) [from 17 to 19 minutes], but that he was proud of his younger generation, such as the nefarious and indisputable globalist darling that is Justin Trudeau of Canada in “penetrating the cabinets.” Moreover, [Zelensky worships the loathsome Justin Trudeau](#). And I think that Brannon for example, would not be aware of Putin being extolled by Schwab as one of

his own in 2017. Of course today, Putin is playing his role as the pariah for our corrupt global mainstream media.

On Russia's domestic front, Putin has been an advocate of [COVID jab mandates](#), and in implementing [Central Banking Digital currencies](#). [And likewise](#), has been the [case for Zelensky's Ukraine](#).

Pro-Putinists in the West, like to say that our enemies are not in Russia, but rather in America itself pointing to say Hilary Clinton and George Soros. However, as I now segue into Israel, [my research into my essay on the Israel-Hamas conflict](#) revealed to me, that in regard to Israel, the agendas of the radical-leftist billionaire Globalist and self-loathing and pro-Hamas Jew that is the nefarious George Soros, and Vladimir Putin, [are in very strong alignment to say the least](#). [Putin's English language mouthpiece *Russia Today*, certainly reflects this](#). [Search for "genocide", accusing Israel of such.] And, more than once since October 7th 2023, Moscow [has hosted high-level Hamas officials](#). [See also from the bottom of page 6 to 7.] And, as the icing on the cake, while the mostly anti-Semitic pro-Putinists love to call out Israel for the bombing and fake Gazan genocide, I have found from personal experience, they have no problem with Putin bombing civilians in Ukraine.

Much is made of the notion of the ex-KGB thug Putin as a now staunch anti-communist and devout Orthodox Christian. However, this is highly questionable at best. Firstly, at Sochi Russia in 2017, Putin to rousing applause, gave several speeches to gatherings at the World Youth Communist Convention.¹ Moreover, he has categorically stated his assertion that Christianity and Communism have many clear similarities,² and the collapse of the Soviet Union as the greatest tragedy of the 20th century.³ Moreover, David Satter, a former Moscow correspondent, says the Russian Orthodox Patriarch Kirill was exposed by material from the Soviet archives as a KGB agent. "This means he was more than just an informer, of whom there were millions in the Soviet Union. He was an active officer of the organization," wrote Satter.⁴ Moreover again, Putin's deception of the West extends to his [cynical funding of Catastrophic Climate Change Scam environmental groups](#),⁵ while Russia is one of the [world's largest consumers and exporters of oil, coal and gas](#).⁶

Nevertheless, in spite of Russia having more than its fair share of corruption, such notions of Putin as the defender of traditional conservative Christian values are fuelled by chronic corruption that exists in the Ukraine, in spite of it being no worse than Russia's,⁷ and in America as indicated by its 2020 [election fraud being buried by its Deep State](#) and [obsequiously complaint MSM](#).⁸ And the then US vice-president Joe Creepy Sleepy Biden's insistence on Ukraine in 2015, sacking their prosecutor Viktor Shokin investigating the corrupt energy company Burisma, to which his son Hunter, bereft of any experience in energy (**well perhaps experience in "crack" energy**), [being on its board](#). To which Joe Creepy Sleepy Biden quipped; "[Son of a bitch!](#)" In other words, the Deep State in the West, is seemingly hindering Ukraine at every turn in cleaning up its corruption.

Before moving on to my final point relating to the potentially explosive revelations in regard to the 1962 Cuban missile crisis, I will briefly touch on the ideological cult of Nazbol/National Bolshevism or Duginism, [as espoused by Alexander Dugin](#) – himself closely linked to the Russian elite including Vladimir Putin himself.⁹ [*The 2019 Christchurch massacre was perpetrated by Brenton Tarrant – a disciple of Nazbol – but certainly not a supporter of Donald Trump as the corrupt global MSM tried to make out. See the second attached screenshot.*] His father was also high up in Soviet intelligence. Dugin has a raging hatred for the West and its traditional NON-WOKE values – and indeed for Ukraine itself, bordering on genocidal.

I wrote about him in depth in [my huge Russia-Ukraine blog article](#), but to suffice here in a Facebook post on August 25, 2014, Dugin posted the following, which translates from Russian to English as follows:

“Ukraine needs to be cleansed of idiots. A genocide of cretins begs consideration. Evil cretins, [whose minds are] closed to the voice of Logos, are deadly dangerous, and... with all of this, incredibly stupid. I don’t believe that these are Ukrainians. Ukrainians are a beautiful Slavic people. This is a kind of race of bastards, which appeared from sewer manholes.”¹⁰

This from a member of the Russian elite proclaiming Putin’s agenda to “denazify” Ukraine! Then again, from personal experience and research, I do find many pro-Putinities to be anti-Semites. Candace Owens and Tucker Carlson for example.

I will end with an explosive revelation from the October 1962 Cuban Missile Crisis, of which I was born in the very midst of on the 24th, and from which, could give the West and Ukraine, significantly more leverage in negotiating a peace settlement to this meat grinder of a war.

On April 30th, 2021, Joshua Philipp of *The Epoch Times*, on his Crossroads program, [interviewed Julio Antonio del Marmol](#), the [former Commander-in-Chief of the Young Commandos of the Rebel Army](#) under Fidel Castro. Julio’s wealthy father had been a major funder of the Castro regime, naively believing that Fidel Castro’s regime was Cuba’s path to true “democracy”.

Julio, to the wrath of his father, began questioning his father, leading to his father branding him a traitor and throwing him out of their home. Feeling down, Julio informed his uncle about the situation. But to his surprise, Julio’s uncle then revealed himself as a master spy working for the international intelligence community, including the CIA. That was when Julio del Marmol joined his uncle’s spy network to become a brilliant, successful spy countering the communist oppression of Cuba. He was also the most hunted in Cuba. To which Julio stated, [as documented in a May 2021 Epoch Times print story](#):

“I came to be an intelligence source to the West, so powerful that I sent the fresh pictures from the fresh missiles that Russia put in Cuba.”

And from [about 31 minutes into the interview with Joshua](#), Julio states:

“The missiles never left Cuba!!!”

AS

“The Soviet ships were never inspected!!!”

Hmmmm could this give Zelensky and the Trump administration some crucial leverage? In that pro-Putinities, in arguing against Ukrainian membership to NATO, constantly bang on that Russia would not want nuclear missiles on its doorsteps pointed at it, just like America would not want missiles pointed at it on its doorstep in Cuba? Hence, given that perhaps the 1962 Soviet nuclear missiles are still in Cuba, could one say to Putin, that if he wants to forbid Ukrainian membership to NATO, then he should pull the old 1962 nuclear missiles out of Cuba, and I think while he is at it, pull the [Russian espionage center out of Nicaragua?](#)

However; according to the [May 2021 Epoch Times article](#), U.S. officials were not aware of the presence of nuclear tactical [battlefield] weapons when the agreement was made, so it covered only “offensive [strategic] weapons,” Svetlana Savranskaya wrote for the [Wilson Center](#). It would also be hard to argue that tactical nuclear weapons were offensive due to their short range, she

explained. In any case, nuclear weapons either tactical or strategic, Russia should be compelled to remove them.

And curiously, in a May 2022 interview with Jan Jekielek of *The Epoch Times* on his *American Thought Leaders* program from 30 minutes in, Andrei Illarionov; Putin's economic advisor from 2000 to 2005, says that in 2003, [Putin had no objection to Ukraine joining NATO!](#)

[From the transcript of this interview](#), I quote Andrei Illarionov:

“In 2002, [there was a press conference by Mr. Putin and Mr. Kuchma, the president of Ukraine](#). The journalist asked, “Mr. Putin, could you tell us what would be your reaction to the potential membership of Ukraine in NATO?” The answer of Putin was, “It’s fine. It’s up to the Ukrainian people and up to the Ukrainian government whether to join or to not join NATO. We have no objections.””

But by 2007, according to Andrei Illarionov, Putin’s attitude changed. WHY? Illarionov is absolutely scathing of the duplicitous Biden regime, of which I [provided an English translation](#), and indeed Aharon, as a patriotic Israeli, I’m sure you too, like Andrei, concur on the rank duplicity of the Biden-Harris regime in regard to the Israel-Hamas conflict! ***Moreover, it seems that the pro-Hamas Putin regime likewise, [was just as uncomfortable with Andrei’s assessment](#).***

Then in early August 2023, from 21 minutes and 20 seconds in on [Joshua Philipp’s Q and A session during one of his Crossroad channel’s episodes](#), as *kultured_yobbo*, I referred to his late April 2021 interview with Julio, and asked Joshua if he thought there were still Soviet missiles in Cuba; to which Joshua answered in the affirmative. [See the first attached screenshot]

And in regard to Cuba sponsoring terrorism:

“He [Julio] added that Cuba has been the biggest sponsor of terrorism in the world. It harbors terrorists, manufactures terrorism, finances, and exports terrorism, he said.

Hijackers who took part in the 9/11 attack had been trained in a Cuban military base for almost a year before the attack, del Marmol revealed. Then they came to Florida for more “training” through the Canadian and Mexican borders to obtain pilot’s licenses, he said.

Financial support to terrorist operations sponsored by Cuba is now largely being provided by China, del Marmol said. He said this was made possible with the decision to incorporate a communist China into the world market, [\[on December 11th, 2001\]](#) which was a big mistake.”

Which perhaps implies [Chinese funding indirectly of terrorism in the Middle East](#). To which, I think the [Jordanian politician Mudar Zahran, would concur](#), as interviewed by Rabbi Pinchas Taylor on February the 15th, 2025.

And in further and concluding regard to Vladimir Putin, it was in November 2023, in the month just following October 7th, at the Mission of Israel to the [WEF strategic partner that is the nefarious Globalist UN](#), Mosab Hassan Yousef, the son of Hamas, [from 18 to 19 minutes in](#), stated:

“... [Hamas gave the attacks on October 7th as a birthday gift to Putin ...](#)”

To which:

[Heinrich Himmler was born in 1900.](#)

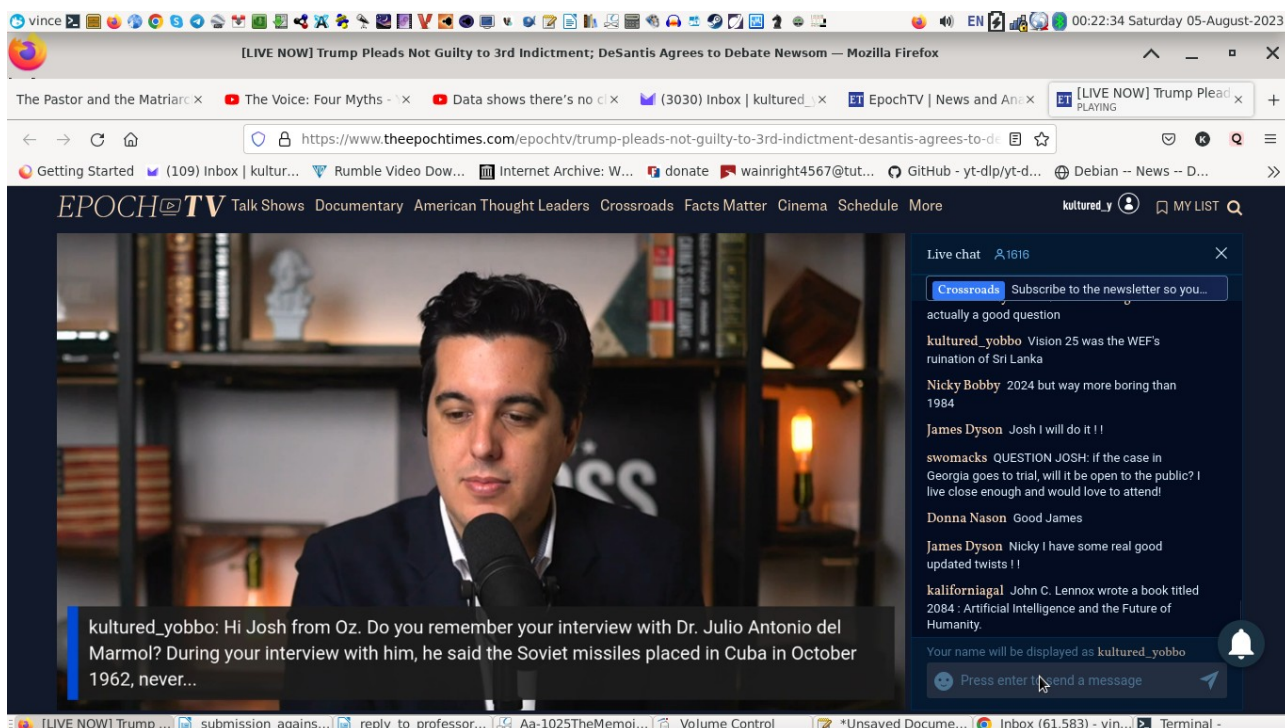

[Vladimir Putin was born in 1952.](#)

To which Aharon, can you guess on which identical day and month of the calendar year they were born?

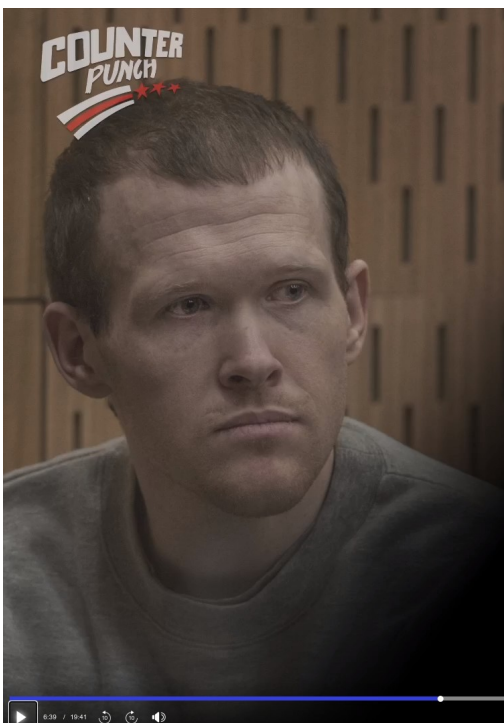

Anyway Aharon, I will keep on praying for you and Israel. So on that note, I will close.

Shabbat Shalom

Vince

Were/are you a supporter of Donald Trump?

As a symbol of renewed white identity and common purpose? Sure. As a policy maker and leader? Dear god no.

Were/are you a supporter of Brexit?

Yes, though not for an official policy made. The truth is that eventually people must face the fact that it wasn't a damn thing to do with the economy. That it was the British people firing back at mass immigration, cultural displacement and globalism, and that's a great and wonderful thing.

Were/are you a supporter of Front National?

No, they're a party of milquetoast civic nationalist boomers, completely incapable of creating real change and with no actual viable plan to save their nation.

By living in New Zealand, weren't you an immigrant yourself?

Yes, and it seems we immigrants seem to bring a whole host of issues.

Nah, not really. An Australian living in New Zealand is much the same as an Austrian living in Bavaria. They aren't going to ethnically replace the people, nor change the nations culture. They are the same people, they are the same culture.
