Subject: How did you get my name and address to send your in effect “Dawaganda” on the fake famine in Gaza, facilitating in part, the stirring up of the global maelstrom of anti-Semitism since October 7, 2023? Elias Rodriguez of the Marxist-Leninist Party of Socialism and Liberation (PSL), being a case in point.

Dear Stephanie

How are you? My name is [Vince Barwinski](#) and I’m a part-time [author/researcher](#) of Polish descent, based in Brisbane Australia, [who loves Israel](#).

I will start with the first thought that entered my mind. Namely:

“How did you get my name and address to mail to me your in effect, veiled “Dawaganda” on the fake famine in Gaza, facilitating in part, the stirring up of the global maelstrom of anti-Semitism since October 7, 2023?” *[I will get back to your contrived Gazan famine later.]*

To which, the very recent murder of two Israel Embassy employees by Elias Rodriguez of the Marxist-Leninist Party of Socialism and Liberation (PSL), [funded by the far-left Chinese sympathiser, millionaire Neville Singham and his activist wife Jodie Evans](#), being a case in point. This in spite of PSL on X posting that they rejected any attempt to associate the PSL with the [Washington] DC shooting.

This is because, most damningly on Thursday the 22nd May 2025, by 15:01:49, according to the [wonderful resource that is the WayBack Machine](#), PSL had [removed the October 2017 article](#) titled:

“[Chicago Demands Justice for Laquan \[McDonald\], Not Money for Amazon](#)”

“Curiously”, when the WayBack Machine crawled the URL for this seven-and-a-half-year-old article, [by then removed by PSL at 15:01:49 on Thursday the 22nd May 2025](#), it was just around 18 hours following the murder by Elias Rodriguez of Yaron Lischinsky, a [Messianic Jew](#), and Sarah Milgrim, themselves a young couple soon to be engaged, at [approximately 9 p.m.](#) *[View at about 20 minutes in.]* on Wednesday night the 21st May 2025, as they [left an event at the Capital Jewish Museum in Washington DC](#).

In this purged article at the top, one can see a black and white photo of leftist protesters, gathered outside then Chicago Mayor Rahm Emanuel’s house to demand justice for Laquan McDonald and an end to the “ethnic cleansing” of Chicago vis-à-vis gentrification on October 20, 2017 – the anniversary of McDonald’s “murder” by Chicago police Officer Jason Van Dyke. Although, I doubt people of this WOKE-ilk would care for [Black Chicago residents infuriated over a migrant surge](#), courtesy of the Biden-Harris open border policy. But I digress.

However, what I wish to draw your attention to, is a “gentleman” just to the right of centre in the photo, wearing glasses and a chequered shirt, who looks suspiciously like Elias Rodriguez, when I

compare him to the photo of Rodriguez from [an Indian Times article](#). Moreover, the black woman in front of him with the Afro hair style, recalls for me the [infamous Marxist Angela Davis](#).

In any event, the article states that ***Elias Rodriguez from the Party for Socialism and Liberation*** argued that the murder of Laquan McDonald and the Chicago bid for an Amazon headquarters are not two separate issues, but rather, were connected. I imagine like the [COVID pLandemic and the Catastrophic Climate Change Marxist Scam are interconnected](#), as [highlighted in Agenda maps](#) of the [UN strategic partner that is the World Economic Forum](#) of until very recently, the [trans-humanist Klaus Schwab](#). And [moreover, how your Catastrophic Climate Change Marxist Scam](#) is embodied in the “progressive” WOKE notion of:

[“The path to climate justice travels through a free Palestine.”](#)

To which, the misguided notion of an ancient Palestinian nation, [with no basis in historical or archaeological fact](#) [See pages 12 to 15], but every basis in an [early 1960s Soviet KGB political construct to undermine Israel](#) [*Search for “Operation SIG”*], is imperative. As indeed stated by Zuheir Mohsen, the Military Department head of the PLO from 1971 to 1979, in an interview with the [Dutch newspaper Trouw](#), on [March 31st, 1977](#):

“There are no differences between Jordanians, Palestinians, Syrians, and Lebanese. We are all part of one nation. It is only for political reasons that we carefully underline our Palestinian identity.... yes, the existence of a separate Palestinian identity serves only tactical purposes. The founding of a Palestinian state is a new tool in the continuing battle against Israel.”

Moreover, hardly anything is said about a million Jews from the Middle East and North Africa who were subject to horrifying levels of systematic anti-Semitism which ultimately in 1948, resulted in their expulsion and flight from their homes, [leaving behind \\$150 billion of property](#). [In many countries](#), such as [Syria, Egypt and Libya, the entire Jewish population was evicted](#).

Hence, with all this fake and ignored authentic history, the narrative of Jewish people in Israel being occupiers, rather than indigenous people of the land, [as verified with genetic evidence](#), in concert with the suppressing of [the historical truth of the Arabs conquering and colonising lands that were Christian](#) for hundreds of years before the rise of Islam in the 7th century, has been perpetuated. **In part, by the spurious notion of the modern-day Palestinians descending from the Philistines of King David’s time, in spite of the fact, that by the time of Jesus Christ, the Hellenic Philistines had ceased to exist as a people group for five centuries, [in the wake of the Babylonian captivity](#).**

The Romans, following their mass evictions of Jews in the wake of [70 AD siege of Jerusalem and the Bar Kokhba Revolt of 132-135 AD](#) [*Bottom of page 13 to 14*], to spite the troublesome Jews, adopted Syria Palaestina, (Roman Palestine) as the name of what had been the Roman province of Judea, after two ancient kingdoms Assyria and Philistine, both ancient mortal enemies of the Jews, and both of which have long since died out. To reiterate, this in spite of the fact, that the Philistines had disappeared from historical written record about six to seven centuries earlier, when the Babylonian king Nebuchadnezzar II (reign ca. 605 BC – c. 562 BC) conquered the region and destroyed several cities, including Ashkelon. This Roman province had nothing to do with the modern day Palestinian state, either geographically or ethnically.

Yet, to reiterate, in spite of this historical truth backed with [endless archaeological evidence](#), the aforementioned KGB contrived notion since the early 1960s, of the Jewish people as occupiers in the Holy Land, has persisted, and indeed, since October 7, 2023, has been amplified exponentially.

In no small part, thanks to the Islamist mindset being compelled to think of the Holy Land as now permanent Islamic land, given that from the seventh century until the end of the First World War under the Ottomans, it was in one form or another, under Islamic control. To which ties in with the Hamas genocidal catch cry being generally recognised in English as:

“From the River to the sea, Palestine will be free”

... but according to my research, much more emphatically in Arabic as truly meaning:

“Long live free, ARAB Palestine from its river to its sea!” [Page 10]

And no doubt, this dubious narrative of the Jewish people as occupiers, in this microscopic sliver of land, amidst a sea of hostile Arab states, and fanned by lies permeating in the West such as yours of the fake famine in Gaza, with 14,000 babies ostensibly at risk of imminent death as attested to initially by a morally bankrupt and nefarious UN, but now WITHDRAWN BY THEM, [*more on them later – especially in regard to the Jew hatred indoctrination of Palestinian children by their agency UNRWA*], has no doubt played its part in driving the already mentally unstable Elias Rodriguez, as attested to in what seems to be his manifesto, including his misguided notion of the apartheid Jewish state, to commit what he perceived as the righteous slaying of Jews.

YET, according to a 2020 poll, just 7% of Arabs living in Israel self-identify as Palestinian, while over ten times that number – 74% self-identify as either Israeli-Arab or just plain Israeli. This is just one amongst a vast array of examples of how much of what you hear about Israel, is distorted, and thus, does not match the facts. As indeed, the in effect Dawa letter you mailed to me embodies.

In the U.S., Jews are disproportionately represented in the medical profession, as they are indeed in the awarding of Nobel Prize Laureates since 1905. This is remarkable, given the population of global Jewry in early September 2021, just being 15.2 million – which is still less than the global Jewish population before the Holocaust! However, in Israel, Arabs are disproportionately represented in the medical profession. Arabs comprise 20% of Israel’s population but 30% of Israel’s physicians, and 35% of its pharmacists. Moreover, the appointed chairman of the largest bank in Israel in 2019, Dr. Samer Haj-Yehia, was Arab.

In an apartheid state, some get to vote, and some don’t. In an apartheid state, some get an education and some don’t. However, in Israel, Arabs vote, and in 2021, for the first time in modern Israel’s history, Arab parliament members had a major say on whether a government is formed and who indeed would form such a government. Moreover, in Israel, the enrolment of Arab students in higher education is exploding, more than doubling between 2008 and 2018. And per capita, Arab-Israeli Christians outpace Israeli-Jews in higher education degrees.

Olga Meshoe, a black South African human rights activist, says explicitly:

“You will not find apartheid in the state of Israel.”

Olga elucidates that the BDS movement advocating the Boycotting, Divestment and Sanctioning of Israel, is a slick propaganda effort built on lies. Having lived in South Africa, and spent a fair amount of time in Israel, she is more than qualified to make this assessment, unlike placard waving ignorant Soros-funded leftist-dupes in the West. In particular, pro-COVID-jab leftist-indoctrinated Catastrophic Climate Change Scam Greta Thunberg wannabe high school students skipping school to bellow the pro-Hamas chant.

Olga highlighted how in apartheid South Africa, black people were separated at every level from education to drinking fountains. Blacks couldn't vote, couldn't own land, and could not live next to or use the same transportation system as whites. Her grandfather told her of the story of a little white boy kicking and humiliating him in public, and all he could do, was to say:

[“Please stop that little white boss.”](#)

However, NOT in Israel! Israeli-Arabs have the same rights as Israeli-Jews. [Israeli-Arabs are treated the same in hospitals, study in the same schools, travel in the same buses, and both serve in the Israeli military.](#) Although, in the latter respect, as stated by the Israeli-Arab-Muslim Mohammad Kabiya, who has served in the IDF, Israeli-Jews are compelled to serve time in the Israeli military, but NOT Israeli-Arabs. As Mohammad puts it:

“Other countries, not so free and diverse like my own country, [Israel – of which he is prepared to die for.] call for my country's destruction.” [\[For example, the Islamic Fundamentalist state of Iran, which just so happens to formally recognise child brides.\]](#)

Why does Olga Meshoe, a black South African human rights activist, speak up for Israel? The state branded as being apartheid by pro-COVID-jab leftist-indoctrinated Catastrophic Climate Change Scam Greta Thunberg wannabe high school students, skipping school to bellow the pro-Hamas-terrorist chant.

Well aside from alluding to the state of apartheid that effectively exists in the [Arab state of Egypt, in regard to the Coptic Christians](#), and [likewise in Iraq for their Christians](#), it is because, as she boldly proclaims, [lies empower evil!](#) Lies about blacks empowered apartheid in South Africa, and lies about the Jews made the Holocaust possible. And right now, lies about the Jews, has led to a staggering multi-fold increase in acts of anti-Semitism, where on many Western university campuses, [Jewish students fear for their lives](#), and **George Soros-funded-pro-Hamas-terrorist rallies**, such as the early October 2023 Sydney Opera House rally, in a scene reminiscent of the early 1930s crumbling Weimar Germany, [calling for the gassing of the Jews!](#)

Hence, when I discovered that [Actionaid has received funding from the Soros Open Society Foundation](#), this was a blaring **RED SIREN for me**, as indicated by the title of my [March 2024 essay](#); *I am a Zionist but George Soros and the UN are not – Hamas Attack on Israel on October 7th 2023 and the subsequent Globalist engineered propaganda war to obliterate Israel's right to exist –* which is discussed in depth on the [UK Freedom media outlet The Exposé](#). **[For far-right-wing anti-Semites, I have found from personal experience and research, they have no concept of the nominal self-loathing Jew that is George Soros, being an anti-Zionist. Moreover they, including for example Stew Peters, seem to believe in the flat-earth theory, while leftist anti-Semites such as yourselves and your darling Greta Thunberg, embrace the no less ludicrous and irrational Catastrophic Climate Change Marxist Scam.]**

And in the wake of October 7th, Artificial Intelligence has been summoned to further perpetuate lies against Israel by the creation and circulation of fake images. For example, **Adobe Caught Selling Dishonest AI-Generated Images As Actual Photos of Israel “Violence”**. This was first reported on the [Australian News Outlet Crikey](#) on November 1st 2023, [but plenty more have reported it since](#). However, one of the most obviously damning is an image shown in the Irish Sun on November 24th 2023, of an injured little boy, standing as he raises his left bloodied left hand [with six fingers](#), as his mother lays dead to his left. In the same article, another AI generated image depicts a crying baby trapped in rubble in Gaza, [while another shows a toddler standing in rubble after an airstrike](#). This conflict is certainly as much an information/propaganda war as it is kinetic and bloody.

Amir Tsarfati, the Israeli Jewish host of the YouTube channel Behold Israel, [streamed on May 28, 2025, from about 20 minutes in](#), told of a supposedly 38 year-old female Palestinian Doctor Alaa al-Najjar, in a so-called real photo mourning the death of ostensibly nine of her ten children at the hands of the Israeli military. However, the photo, as [stated by Amir Tsarfati, is AI generated!](#)

This on its own, does not disprove the story that Doctor Alaa al-Najjar lost nine of her children, but why do pro-Hamas types feel the need to circulate AI generated images as genuine? Moreover, the constant use of recycled images months old, claiming for example, an image is a photo of the al-Najjar children, when in fact, it was of the [Abu Daqa children, who were killed in an Israeli airstrike in Khan Yunis on March 20, 2025](#).

Admittedly, these recycled and AI generated images have been [circulated on just social media and not on what you would recognise as legitimate global mainstream media](#), but I of course know of as [corrupt leftist agenda driven media beholden to your anti-Israel agenda](#). And of course, the deaths of children is always tragic, but as I will discuss in greater depth later, in [August-September 2005](#), when a mini-trial of the proverbial two-state solution was implemented, every Jew and [every Jewish grave in Gaza](#) was [withdrawn](#). Then unlimited foreign aid money poured in, from which the Gazans could have turned Gaza into the Singapore of the Mediterranean. But instead, they built tunnels, [looted and destroyed Jewish greenhouses](#) and [fired rockets over the years, constantly into Israel](#), culminating ultimately in October 7th.

Moreover, as defines the aforementioned corrupt global mainstream media and the social media spreading AI and recycled images to promote their anti-Zionist agenda, the real starvation in Sudan receives next to ZERO media attention, because, [as stated by Amir Tsarfati](#), their mantra of:

“NO Jews NO News!”

Invariably, time and time again, they place complete trust in the narratives reported by Hamas. A trust terribly misplaced as was clearly illustrated in the bombing of the Al-Ahli Arab hospital in mid-October 2023, when Hamas claimed Israel had levelled Al-Ahli Arab hospital with an airstrike, eliciting outrage from around the world as its allies screamed war crime and the media rushed to prop up Hamas’ story. For example, “Pravda On The Hudson” – *New York Times* [has been reported as doing as such by the no less left-leaning Politico](#), before being forced to hastily alter their story.

Moreover, as Abraham Wyner, Professor of Statistics and Data Science at The Wharton School of the University of Pennsylvania and Faculty Co-Director of the Wharton Sports Analytics and Business Initiative documented back in March 2024, [in regard to data released by the Hamas-controlled Health Ministry](#) [page 39], and accepted with ludicrous implicit trust by the then administration of the [fraudulently elected Obama-cardboard-cut-out President Joe Creepy Sleepy Biden](#): [*In the days preceding his disastrous late June 2024 debate with Donald Trump, did you believe the corrupt global mainstream media narrative that he was sharp, lucid and cognisant?*]

“[Here’s the problem with this data](#): The numbers are not real. That much is obvious to anyone who understands how naturally occurring numbers work. The casualties are not overwhelmingly women and children, and the majority may be Hamas fighters. If Hamas’ numbers are faked or fraudulent in some way, there may be evidence in the numbers themselves that can demonstrate it. While there is not much data available, there is a little, and it is enough: From Oct. 26 until Nov. 10, 2023, the Gaza Health Ministry released daily casualty figures that include both a total number and a specific number of women and children.”

[In summing up, Abraham Wyner puts it as follows:](#)

“Taken together, what does this all imply? While the evidence is not dispositive, it is highly suggestive that a process unconnected or loosely connected to reality was used to report the numbers. Most likely, the Hamas ministry settled on a daily total arbitrarily. We know this because the daily totals increase too consistently to be real. Then they assigned about 70% of the total to be women and children, splitting that amount randomly from day to day. Then they in-filled the number of men as set by the predetermined total. This explains all the data observed.”

AND ...

“The truth can’t yet be known and probably never will be. The total civilian casualty count is likely to be extremely overstated. Israel estimates that at least 12,000 fighters have been killed. If that number proves to be even reasonably accurate, **then the ratio of noncombatant casualties to combatants is remarkably low: at most 1.4 to 1 and perhaps as low as 1 to 1.** **By historical standards of urban warfare, where combatants are embedded above and below into civilian population centers, this is a remarkable and successful effort to prevent unnecessary loss of life while fighting an implacable enemy that protects itself with civilians.”**

In late December 2019, more than 130 Palestinian organisations, many of which are linked to Actionaid Australia, refused to sign a European Union grant request that stipulated among its criteria that recipients must refuse to transfer any E.U. assistance given to terrorist groups or entities. Moreover, given the entire Arab world’s deafening silence in regard to the Chinese Communist Party perpetrated genocide of the Muslim Uyghurs, [Pages 2 to 3] I wonder if any of these 130 Palestinian organisations spare a thought or concern for the Muslim Uyghurs? Perhaps such a concern is nowhere near as easy to raise in a country of a REAL genocidal regime committed as well to the REAL forced human organ harvesting of Falun Dafa practioners? [Pages 2 to 3]

However, amidst this litany of WOKE-Cultural-neo-Marxist hypocrisy, of whom the Catholic US-Canadian Life Site News wrote a most sycophantically glowing piece in support of, enters one of the most corrupt, oppressive and incompetent regimes on the planet; namely the Marxist African National Congress (ANC) of South Africa, where the global headquarters of your very own Actionaid is based! And indeed, the irrepressible Donald J. Trump very recently in his White House, should be glowingly commended for calling out their President Cyril Ramaphosa over the genocide and anti-white race hatred and government sanctioned Marxist land grabbing of and from white farmers.

In its inexorable hypocrisy, as a distraction from its litany of ills, the Marxist ANC regime of South Africa, targets Israel internationally on charges of genocide. As the British journalist Brendan O’Neill put it:

“Then there’s South Africa, the nation that brought the case against Israel. Its imperious judges reeled off charge after charge against the Jewish State at the ICJ this week. **You’ll forgive my gagging.** ANC-run South Africa is one of the most corrupt regimes in the world. The heirs to Mandela have catastrophically failed to make good his promise of a new, fair nation. South Africa under their rule has some of the highest rates of murder and rape in the world. Poverty is rampant. The ANC has massacred black workers who were merely campaigning for better pay. It failed to counter murderous pogroms against Zimbabwean immigrants. It presides over a country where, for millions, life is brutish and short. Perhaps it should save some of the fashionable [WOKE] sympathy it feels for the people of Gaza for its own long-suffering citizens.”

Moreover, here is the ultimate irony to the South African ANC's trumped up charge against Israel, in the [Statement by concerned Christians in response to the case launched by South Africa against Israel in the ICJ](#) signed by [dozens of South African Christian groups](#) as reported in the [South African Christian news outlet Gateway News](#):

“The absence of a public condemnation from South Africa regarding Hamas’s actions in Gaza, raises significant concerns. This silence is more conspicuous given the recent hosting of a delegation from Iran and Hamas in South Africa. Such actions could be interpreted as direct support to Hamas’s tactics, including using [civilians as human shields](#) and diverting aid for [military purposes and the building of tunnels](#), rather than humanitarian relief sent to the Palestinian people, which was intercepted by Hamas. This stance raises questions about South Africa’s position on these critical human rights issues and its role in international diplomacy. **Our government’s lead counsel in the case, is a trustee of an International NGO, ‘Lawyers for Palestine’, which appears to be the source of much of their application.**”

And as for the so-called starving Gazans, whenever I have watched videos of [Israeli hostages being handed over in Gaza, I see raging and hysterical but seemingly very well fed Gazans, baying for the blood of often starving hostages!](#) Many of whom, [had lost as much as 40% of their body weight!](#) And as well, on top of the chronic starvation imposed upon the hostage Eli Sharabi, it was only after his release on February 8, 2025, [and weighing just 44 kilos, that he learned that Hamas had killed his wife and daughters in the October 7, 2023 attack.](#)

For your ilk, it always seems to me, that the onus is always but always, without fail, on Israel for the release of hostages and to make peace. Never, but never is any onus put upon the mass-murdering sadistic Jihadist sociopaths that are Hamas, complying to the very letter of their infamous charter and synonymous Hadiths, Sharia and Quran, [*more on that soon*] as they inflict suffering not just on Israeli hostages and Israel, but on their very own people, as emphasised for example, by their aforementioned use of human shields in hospitals, schools and mosques. Peace will only come in Gaza, when the Gazans, in particular those baying for the blood of released hostages, learn to love their children more than they hate the Jews.

However, as the nefarious UN agency of [UNRWA has indoctrinated Palestinian children to hate Jews](#), [*Search for “UNRWA”*] and to glorify their twisted so-called notion of martyrdom, embodying suicide to facilitate mass-murder of Jews, as the ultimate act to ensure their passage to their eternal brothel-paradise of virgins, [*eg: Quran 4:57 – referring to “purified wives” plural for what is determined as “good deeds” – eg; October 7th.*] the goal of the Palestinians to ultimately come to [love their children more than they hate the Jews, is generations distant at best](#). Hence, when I read your unsolicited correspondence to me, I was hardly engendered with confidence when you stated that your operations into Gaza, were facilitated and overseen by the UN! Nor does your affiliation with our Department of Foreign Affairs and Trade (DFAT), given it being under the administration of the Marxist Labor government of Prime Minister Anthony Albanese and Foreign Minister Penny Wong; both of whom, with their [rabid and quintessential leftist anti-Israel mindsets](#), are written about extensively in Trevor Loudon’s recent book:

[Comrade Prime Minister: Anthony Albanese's 40-Year Alliance with Australian Communism.](#)

[Moreover, back in early April](#), given [one would imagine their awareness of UNRWA employees involved in October 7th](#), [Israel offered to ensure that aid got to Gazans; but Hamas Rejected the offer!!](#) Perhaps the UN early February 2009 article titled [“Gaza: UN suspends aid operation after](#)

[second Hamas-linked theft of supplies](#)” would shed some insight on as to why Hamas would reject Israel’s offer today to ensure aid reached the Gazans? I would love to hear your thoughts!

A most poignant and incisive follow up to which I quote from [Hugh Fitzgerald on Jihad Watch dated May 12, 2025](#), as Greta Thunberg’s WOKE reputation, having since post October 7th, been transformed from Fake Climate Crisis to [Jew Hating Middle East expert](#), gets caught up in the Hugh Fitzgerald collateral trashing of rabid WOKE Jew Hatred:

“Greta Thunberg and her Freedom Flotilla friends clearly don’t know much about international law. [Article 23 of the Fourth Geneva Convention](#) explicitly allows a state to withhold humanitarian aid from an enemy combatant under certain conditions. To wit:

The obligation of a High Contracting Party to allow the free passage of the consignments [humanitarian aid] indicated in the preceding paragraph is subject to the condition that this Party is satisfied that there are no serious reasons for fearing:

- (a) that the consignments may be diverted from their destination,
- (b) that the control may not be effective, or
- (c) that a definite advantage may accrue to the military efforts or economy of the enemy through the substitution of the above-mentioned consignments for goods which would otherwise be provided or produced by the enemy or through the release of such material, services or facilities as would otherwise be required for the production of such goods.

Hamas does “divert aid from its [intended] destination.” Much of that aid is “diverted” from the people of Gaza to Hamas. Until now “control” of the distribution has been nearly nonexistent. Hamas does have a “definite advantage to accrue to it” when its fighters know they can take vast quantities of the aid for themselves and their families, which helps Hamas sustain its men, and even gain new recruits. And Hamas sells much of the aid it steals to the Gazans who were supposed to have received the aid for free.

In other words, all three of the permissible reasons for withholding humanitarian aid, as set out in the Fourth Geneva Convention, Article 23, have been met. Would someone make sure Greta Thunberg is sent a link to Article 23? She might even read it.

Brendan O’Neill takes her to task for her latest cause, and the malignancy of her attack on the tiny, embattled Jewish state that is now fighting a seven-front war for its survival, here: “Greta Thunberg’s moral siege of Israel,” by Brendan O’Neill, [Spiked](#), May 7, 2025:

“People talk about the siege of Gaza but few are prepared to reckon with the siege of Israel. For years, the Jewish State has been subjected to a double siege. There’s the physical siege by the armies of antisemites that surround it and which dream of its obliteration. And there’s the moral siege by the intellectuals of the West. By our credentialed classes, our activist set, our literary elites, all of whom increasingly derive their fantasy of virtue from their hostility to the Jewish nation. And some of whom also dream of its destruction. ‘From the river to sea’, they cry, to let the world know that their utopia is a Middle East with no Jewish homeland.”

Yes, seemingly all of a sudden, since the atrocities of October 7, 2023, when six thousand members of Hamas, accompanied by a few hundred civilians who wanted to join in the fun, smashed into Israel from Gaza and proceeded to rape, torture, mutilate, and murder 1,200 Israelis and kidnap 251 others, antisemites have been having a field day. Israel has become the object of nonstop vilification, and many people, from campus brownshirts to UN officials, have no problem demanding that “from the river to the sea/Palestine will be free,” which can mean only one thing: Israel must be destroyed, in order to be replaced by a 23rd Arab state. As for the Israelis themselves, those who are not killed in the fighting that will undoubtedly ensue must be expelled.

Brendan O’Neill, not for the first time, has given Greta Thunberg the drubbing she deserves. But don’t worry. She’ll be in the news again very soon. She has been formally diagnosed with [obsessive compulsive disorder](#), and from here on out, her obsession will be the mighty empire of Israel that has been, in her view, the source of so much woe. She hasn’t a syllable to spare for the mass famine in Sudan, or [Pakistan’s aggression against India](#), or the murders of Alawites and Druze in Syria, or Russia’s war against Ukraine.”

Moreover, when one has a concept of [Islam, as elucidated in the deceptive English translations of its Quran, Hadiths and Sharia](#), one can hardly think a two state solution allowing a genocidal Jihadist Hamas to remain in governance in Gaza, in concert with the [nefarious Jihadist child-indoctrinating UNRWA](#), is somehow viable.

To which, in [August-September 2005](#), when a mini-trial of the proverbial two-state solution was implemented, every Jew and [every Jewish grave in Gaza](#) was [withdrawn](#). Then unlimited foreign aid money poured in, from which the Gazans could have turned Gaza into the Singapore of the Mediterranean. But instead, they built tunnels, [looted and destroyed Jewish greenhouses](#) and [fired rockets over the years, constantly into Israel](#). To which I put to you;

“Would you want to live next door to a country that its only reason for existence, as stated in its Quran, [Hadiths](#) and [Charter](#), was to exterminate you?”

Put another way, if Israel laid down all its arms, every Jew in Israel would be slaughtered. But if every Arab laid down its arms, there would be peace. To which, in quoting the [infamous Hamas Charter](#):

[“Israel will exist, and will continue to exist, until Islam abolishes it, as it abolished that which was before it. \[From the words of\] The martyr, Imam Hasan al-Banna’, Allah’s mercy be upon him.”](#)

AND again from the Hamas Charter, quoting from the Hadith at:

<https://sunnah.com/muslim:2922>

Abu Huraira reported Allah’s Messenger as saying:

“The last hour would not come unless the Muslims will fight against the Jews and the Muslims would kill them until the Jews would hide themselves behind a stone or a tree and a stone or a tree would say: Muslim, or the servant of Allah, there is a Jew behind me; come and kill him; but the tree Gharqad would not say, for it is the tree of the Jews.” [*Sahih Muslim 2922; Book 54, Hadith 103*]

AND at:

<https://sunnah.com/bukhari:2926>

Narrated Abu Huraira:

“Allah’s Messenger said, “The Hour will not be established until you fight with the Jews, and the stone behind which a Jew will be hiding will say. ‘O Muslim! There is a Jew hiding behind me, so kill him.’”” [Sahih al-Bukhari 2926; Book 56, Hadith 139]

And in regard to the [prepubescent trysts](#) of the revered Prophet at:

<https://sunnah.com/bukhari:5133>

Narrated `Aisha:

“that the Prophet married her when she was six years old and he consummated his marriage when she was nine years old, and then she remained with him for nine years (i.e., till his death).” [Sahih al-Bukhari 5133; Book 67, Hadith 69]

Which makes one wonder how you can compare in the same breathe, this self-indulgent, warmongering and narcissistic paragon of Islam – itself the cornerstone of the Charter of mass murder that defines Hamas, to the selfless, compassionate, merciful and divine immaculate miracle worker of Jesus Christ.

Moreover, an [ex-Iranian Muslim named Shahram Hadian and now Christian pastor](#), who knows the Quran, explains Islam and its true nature of global domination, as the world looks on in deafening silence, to the [global Islamic persecution of Christians](#), as opposed to their deafening roar to the fake genocide and famine in Gaza, as your ilk quintessentially exemplify.

Back in March 2024, I completed reading the turgid diatribe of Jew Hatred that was Adolf Hitler’s *Mein Kampf*. Then, I started reading the Quran, and after 14 months, I am only 37% of the way through reading it.

However, that is way more than enough for me to conclude that the Quran is a disjointed, incoherent, misogynistic and turgid diatribe of Christian and Jew hatred, that as such, is a most logical follow up to Hitler’s *Mein Kampf*! Which has been further reinforced from the Hadiths and [sections](#) of [Sharia Law manual of the Reliance of the Traveller](#), **revealing Islam as much more of a political ideology than a religion**, that I have read and quoted here.

In writing this message to you, it can be implied that I have alluded to a distinct link between radical Islam and progressive WOKE Cultural neo-Marxism. To begin with, the leftist and mentally deranged DC shooter Elias Rodriguez with his links to the Marxist-Leninist PSL as he proclaimed “[free free Palestine](#)” as he was arrested, and some pro-jihadist lunatic could be heard proclaiming “[Al-hamdu I-illah](#)” ([all praise and thanks be to Allah](#)). Moreover, George Soros, in funding you and countless other leftist and Islamic causes. And of course, the early 1960s Soviet KGB contrived construct of the fake nation or anti-nation of Palestine, which as attested to by Zuheir Mohsen, the head of the PLO Military wing in the 1970s, was purely a political instrument to undermine the only true democracy and outpost of Western civilisation in the Middle East.

The common cause of this **Red-Green** Axis of Marxism (**RED**) and Islam (**GREEN**), being the obliteration of Christianity and Western Civilisation – in particular America and its constitution. However, as [Xi Van Fleet, a Chinese-American who lived through Mao's Cultural Revolution, has attested to](#) [*Video is behind a paywall, but the free [audio is HERE](#)*], the Marxist subversion of America and the West in general over the last century, especially in more recent decades with its evolved WOKE variant dialectics of race and gender, has [created the entry point for Islamist infiltration](#) [*From 37 minutes in*] with its parallel long march through the institutions as extolled by the [Italian Marxist, Antonio Gramsci](#).

Moreover, Xi Van Fleet's brilliant and incisive postulate dovetails exquisitely with the chilling parallel concept of Ilich Ramírez Sánchez, a.k.a. Carlos the Jackal, who in 2003, from his prison cell, published a book called Revolutionary Islam that urged:

“all revolutionaries, including those of the left, even atheists,”

to accept the leadership of militant jihadists – Osama bin Laden key among them. His reasoning being:

“Only a coalition of Marxists and Islamists can destroy the United States.”

That book was in French and titled [L'islam révolutionnaire](#) (Revolutionary Islam) which is saturated with calls for the fusion of Marxism and Islam – hence the just aforementioned term: **Red-Green** Axis of Marxism (**RED**) and Islam (**GREEN**). To which, it's worth noting [Muhammad Amin al-Husayni \(189?-1974\) who was the Mufti \(chief Muslim Islamic legal religious authority\) of Jerusalem](#) under the political authority of the British Mandate in Palestine from 1921 to 1937. Then, during WWII, from radio studios in Berlin, al-Husayni collaborated with the German and Italian governments by broadcasting [pro-Axis, anti-British, and anti-Jewish propaganda](#) via radio to the Arab world; inciting violence against Jews and the British authorities in the Middle East; and recruiting young men of Islamic faith for service in German military, [Waffen-SS](#), and auxiliary units. Hence, in reiterating, one could conclude little wonder that the Quran is a logical follow up read to Adolf Hitler's turgid 1925 book *Mein Kampf*.

For Adolf Hitler's National Socialists, their dialectical scapegoat was one of race, focussed predominantly on their perceived *Untermensch* or sub-human status of the Jewish people, but certainly others deemed as non-Aryan such as black Africans. And indeed, in the [American radical-leftist WOKE 2020 Summer riots, their dialectic was as well, certainly one of race](#), but with a racial profile virtually inverted from that of Hitler and his National Socialists. Now the white people were their racial dialectical scapegoat, rather than the traditional dialectical Marxist scapegoat of Class as defined by Lenin and Mao. Such a dialectic had proven itself not so effective in Australia and the America, but to which, race, and later gender, has proven far more potent.

To which the American Marxist entities of Black Lives Matter, Antifa and Freedom Road Socialist Organisation (FRSO), of which the latter [proudly admitted its role in sparking the riots in late May 2020 in the wake of George Floyd's death](#), have exploited to the utmost. However, three or so years later in the aftermath of October 7th, these same Cultural WOKE neo-Marxist entities turned on a dime to embrace like Hitler and his National Socialists, mankind's oldest hatred of anti-Semitism or Jew Hatred, which has proven itself to be, down through the millennia time and time again, the veritable canary in the coal mine of societies in crisis.

This time however, it is with the **Red-Green Axis of **WOKE-Cultural-neo-Marxism** [**InterNational Socialism rather than just National Socialism**] and **Islam**, that Jew Hatred has manifested itself with a chillingly much more global appeal and reach than in Hitler's Third**

Reich of the 1930s. To which a major focal point being the Islamist agenda to undermine Israel via the dubious narrative of Jewish colonial occupiers oppressing “indigenous” Palestinians, of whom the latter, in reiterating, [have never had any historical basis in fact as a nation](#). [Search for “Mohsen”].

However, in having for the time being the common threads of the obliteration of Christianity and Western Civilisation – in particular America, defined by its Constitutional Republic [[NOT the Democracy of Mobocracy](#)] of its Founding Fathers, the Cultural neo-Marxists such as yourselves, have no concept of the dangerous and ruthless Jihadist mindset they and yourselves are currently playing Patty Cake with, of which the Jihadists regard yourselves and your WOKE Cultural neo-Marxist comrades, as nothing more than useful idiots. To which, the quintessential embodiment of the useful idiot sycophantic WOKE “progressives” being none other than “**Queers for Palestine**”, evoking visions of “**Chooks/Chickens for KFC!!!**” Further to which, you should note what happened to the [Marxists who helped the Jihadists to power in the 1979 Iranian Islamic Revolution](#).

Hence, if in an Australia to fall under [Islamic fundamentalist rule](#), I am [lined up to be beheaded alongside one of the WOKE “progressives” of Queers for Fakestine](#), I would in my final moments, have to spare a thought for the abject irony.

Sounds far-fetched? Not really when you read the Islamic Constitution in two parts from the website of the [Canadian Chapter of Hizb ut-Tahrir](#) (Party of Liberation) at:

AND

OR ... the very similar [2014 Draft Islamic Constitution of Australia](#), since removed from the website of its [Australian Chapter](#) [*Curiously, as I just discovered, this website was taken down sometime between mid-March and May 31st 2025*], proclaiming “AUSTRALIA UNDER ISLAM in 25 years – which implies by 2039.

Ultimately, the answer for mankind does not lie in the illiterate, self-indulgent, warmongering, mass-murdering and narcissistic paedophile that was Allah’s messenger Muhammad, [nor Isa – عيسى, the fake Jesus of the Quran](#), nor the [self-loathing and free loading Jew by descent that was Karl Marx himself](#), nor his mass-murdering disciples of Lenin, Stalin, Mao Zedong, Che Guevara, Castro, Kim Il-Sung and Pol Pot, nor in the reincarnation of the National Socialist ideology of Adolf Hitler, espoused by his Holocaust denying worshippers and apologists, nor in the “Progressive” fake god of WOKE ... but rather, in the Son of the God of Abraham, Isaac and Jacob – the selfless, compassionate, merciful and divine immaculate miracle worker of;
