Hi Brannon

This is Vince Barwinski from Brisbane Australia.

I have been listening to you and your network for a number of years, and find the analysis of you and your respective show hosts and guests on the Red-Green Axis of Islam and Marxism and its embodying overall globalist dystopia, including the scams of Climate Marxism and Corporate Fascism of the COVID jabs and the like, synthesised through the Biblical lens, to be nothing short of exemplary and mind blowing. In particular, in regard to Islam, the analysis of your incredible show hosts and guests such as Shahram Hadian, Anni Cyrus, Hedieh Mirimahdi Falco and Usama Dakdok, and in regard to military matters, Colonel Rob Maness. No less compelling, the content of your audio books I listened to as [a member of your VAULT](#). Moreover, the [linkages of Islam to Technocracy as elucidated by Patrick Wood](#).

Ultimately, I think we can agree that anything but anything with the paws of what was Klaus Schwab's [World Economic Forum](#) and its [strategic partner the United Nations](#), their sub-entities like the WHO and [pro-Hamas UNRWA](#) [from page 32] and intimately linked NGOs like the [International Commission of Jurists \(ICJ\)](#) all over it ...

... can only embody an agenda of nefarious intent.

God Bless you Brannon and your family.
